Legislative Background

- The Consolidated Appropriations Act of 2017 allows a student to receive Pell Grant funds up to 150% of the student's Scheduled Award in an award year
- Effective beginning with the 2017-2018 award year
- Applied to the summer of 2017 only if treated as a header to 2017-18

General Requirements

- Student must be otherwise eligible to receive Pell Grant funds for the payment period
- · Student must be enrolled at least half-time in the payment period in which additional Pell Grant funds are received
- · Additional Pell Grant will count toward the student's 600% maximum Pell Lifetime Eligibility Used (LEU)

General Requirements

- · Payment period may include awards from both the initial Pell Grant Scheduled Award and from the additional Pell Grant
 - $\boldsymbol{\cdot}$ When the calculated award for a payment period is greater than the remaining balance of an initial Scheduled Award, the award for the payment period is the remaining balance plus an amount from the additional Pell Grant award assuming at least half-time enrollment

Federal Student Aid | FROUD SPONSOR of AN AMERICAN MIND

Differences from Previous Year-Round Pell

- · Previous iteration allowed for up to two Scheduled Awards to be received in an award year (200%)
- · No acceleration requirement
- No requirement to place a crossover payment period in the award year that produces the largest Pell Grant award

Crossover Payment Periods

- Choice of crossover payment period award year can be made based on an institutional policy that...
- $\boldsymbol{\cdot}$ Provides for an individual decision for each student
- Applies to all students, or a category of students, without exception or
- Applies to all students, or a category of students, with allowance for individual student exception

- Must recalculate a student's Pell Grant award if s/he does not begin attendance in enough classes to support his enrollment status used to calculate his Pell Grant
 - To be eligible for the additional Pell Grant, a student must be enrolled at least half-time and begin attendance in the classes that support that enrollment status

Recalculation Policies: Optional

- Institutions may develop a policy to recalculate Pell Grants for changes in enrollment status during a payment period
- May set a date after which no recalculation will be performed for changes in enrollment status
- If an institution does not establish a policy for recalculating for changes in enrollment status, a student's Pell Grant award is based on the initial calculation even if the student later changes enrollment status

Changed Pell Rules

- Increase in Scheduled Award limitation to 150% of a Scheduled Award
- Requirement of at least half-time enrollment in the payment period where funds are received beyond 100% of the Scheduled Award

Federal Student Aid PROUD SPONSOR of See AMERICAN MIND

Addit	ional	Pell	Amount

- · When the calculated award for a payment period is greater than the remaining balance of the initial Scheduled Award, the award for the payment period is the remaining amount of the initial Scheduled Award plus the Additional Pell amount
- · Awarded and reported to COD as one amount

Semester Example

2017-2018 Scheduled Award = \$5,370

Summer 2017 (assigned to the 2017-2018 award year) Three-Quarter-Time

Award: \$2.014 (37.5046%) Fall 2017 Full-Time

Award: \$2,685 (50.0000%)

Total portion of initial Scheduled Award is 87.5046%

Spring 2018 Full-Time

Award: \$2,685 (50.0000%)

Total portion of initial Scheduled Award is 137.5046%

Federal Student Aid PROUD SPONSOR of Stan AMERICAN MIND

Semester Example

In the previous example, the Spring 2018 Pell Grant award is made up of 12.4954% (\$671) remaining from the initial Pell Grant Scheduled Award and 37.5046% (\$2,014) from the additional Pell Grant award. The student has 12.4954% (\$671) remaining from the additional Pell Grant award for the 2017-2018 award year. If the student had used up 100% of his Pell Grant Scheduled Award for Summer 2017 and Fall 2017, the entire Spring 2018 award amount would be from the additional Pell Grant award.

Optional Recalculation Examples

- · Conditions:
- · Student is only eligible for the additional Pell Grant award
- · Student enrolls in two 3-credit-hour courses prior to the add/drop date for the term
- · Institution's policy is to recalculate a student's Pell award at the add/drop date

Optional Recalculation Examples	

- · Possible result C:
- · Student begins attendance in all classes
- · After add/drop date, student drops one 3 credit-hour course
- The initial calculation of the student's Pell Grant occurs subsequent to the add/drop date of the term. The institution must use the student's enrollment status on the date of the initial calculation, which is less-than-half-time, and the student is not eligible for the additional Pell Grant

F	Required Recalculation Module Example					
	Standard-term program with a summer term comprised of two modules					
	Student is enrolled half-time during summer 2018 100% of 2017-2018 initial Scheduled Award has been paid for fall/spring Payment for the payment period will be from additional 2017-2018 Pell					
Summer 1 Summer 2						
	3 credits		3 credits			
	Pell recalculation date Disbursement made Disbursement made Disbursement made Credits in module 2		2018-19			

Required Recalculation Module Example

- Student was paid half-time Pell award based on enrollment in 6 credits as of the Pell Recalculation Date (PRD)
- · Pell recalculation/COD adjustment necessary
- Withdrawal from 3 credits in summer 2 was after the PRD, but the student will not have begun attendance in all credits on which the Pell payment was based
- A similar situation would exist if the student did not withdraw from the 3 credits in summer 2 but simply failed to begin attendance in them
- Student is now less-than-half-time and may not receive payment from 2017-2018 additional Pell funds
 - Payment may be made from the initial 2018-2019 Scheduled Award

Additional Eligibility Indicator (AEI)

- The AEI in the COD Pell record, an optional tag, indicates eligibility greater than 100% of the Scheduled Federal Pell Grant (SFPG)
- If a school submits an AEI = "true", the total awarded Pell should equal an amount greater than 100% of the student's SFPG for that award year across schools
- FSA will be monitoring schools that submit the AEI="true" for students not awarded or disbursed Pell over the 100% SFPG. Any school suspected of such practices will be referred to Program Compliance for review and sanctioning if not corrected

Federal Student Aid PROUD SPONSOR of See AMERICAN MIND

Total Eligibility Used (TEU) Calculation

- The TEU is the amount of Pell awarded across all schools in one award year
- COD edits against the TEU, with additional student-specific qualifiers, based on circumstances
- If the AEI is not submitted by any school, or is = "false" by all schools in the AY, and actual disbursement amount is great than \$0 TEU Max = 100% + |Net of Closed School Adjustments for AY|
- If the AEI is = "true" by at least one school in the AY, and actual disbursement amount > \$0

TEU Max = 150% + |Net of Closed School Adjustments for AY|

Example #1: AEI Change

- · COD Response returns...
- · Correcting edit 173 (corrects award amount down to SFPG of \$5570)
- Warning edit 174 (award amount < disbursed amount)
- · Negative pending 30-day counter begins
- On August 18 spring disbursement is systematically reduced by COD to \$0 and Current Funding Level (CFL) is reduced by \$696.50
- · This is a school liability, not a student liability

Setting the AEI to "True"

Should I set the AEI = "true" in COD?

- · Will I do this when I award Pell for the award year?
- · Will I do this when the student indicates intent for attendance?
- · Is the program a year-round program?
- Transfers: Does my school's disbursement represent an amount between 100%-150% in the student's TEU for that award year?

Federal Student Aid PROUD SPONSOR of Me AMERICAN MIND.

Setting the AEI to "False"

Should I set the AEI = "false" in COD?

- · Was the AEI set to "true" previously, and why? · Do those conditions still exist?
- · Did the student withdraw, and was an R2T4 calculation performed?
- · How and when do I monitor for changes in attendance or non-attendance?
